

"RAISED" \$1 BILLS FOOL HARLEMITES

Clever Worker Makes Them
Look Like \$2 Notes and Has
No Trouble in Passing Them
as Such.

Secret-Service officials are seeking a man who has been content to reap a moderate profit in a counterfeiting scheme which has resulted in Harlem being flooded with bogus two-dollar bills.

Two of the raised notes were taken as a saloon at One Hundred and Thirty-third street and Fifth avenue, and their detection at a bank was the first notice the authorities had of the swindle. The counterfeiter's plan has been to take a \$1 bill and clip the corners. The large figure "1" has also been cut from the left of the center figure of the eagle. The corners of a two-dollar bill are then pasted on and the space from which the "1" has been cut is also filled with a transposed clipping. The two-dollar bills from which the corner figures have been clipped can be passed for full value despite the mutilation, and a one-dollar bill doctored with the clippings is also passed for \$2.

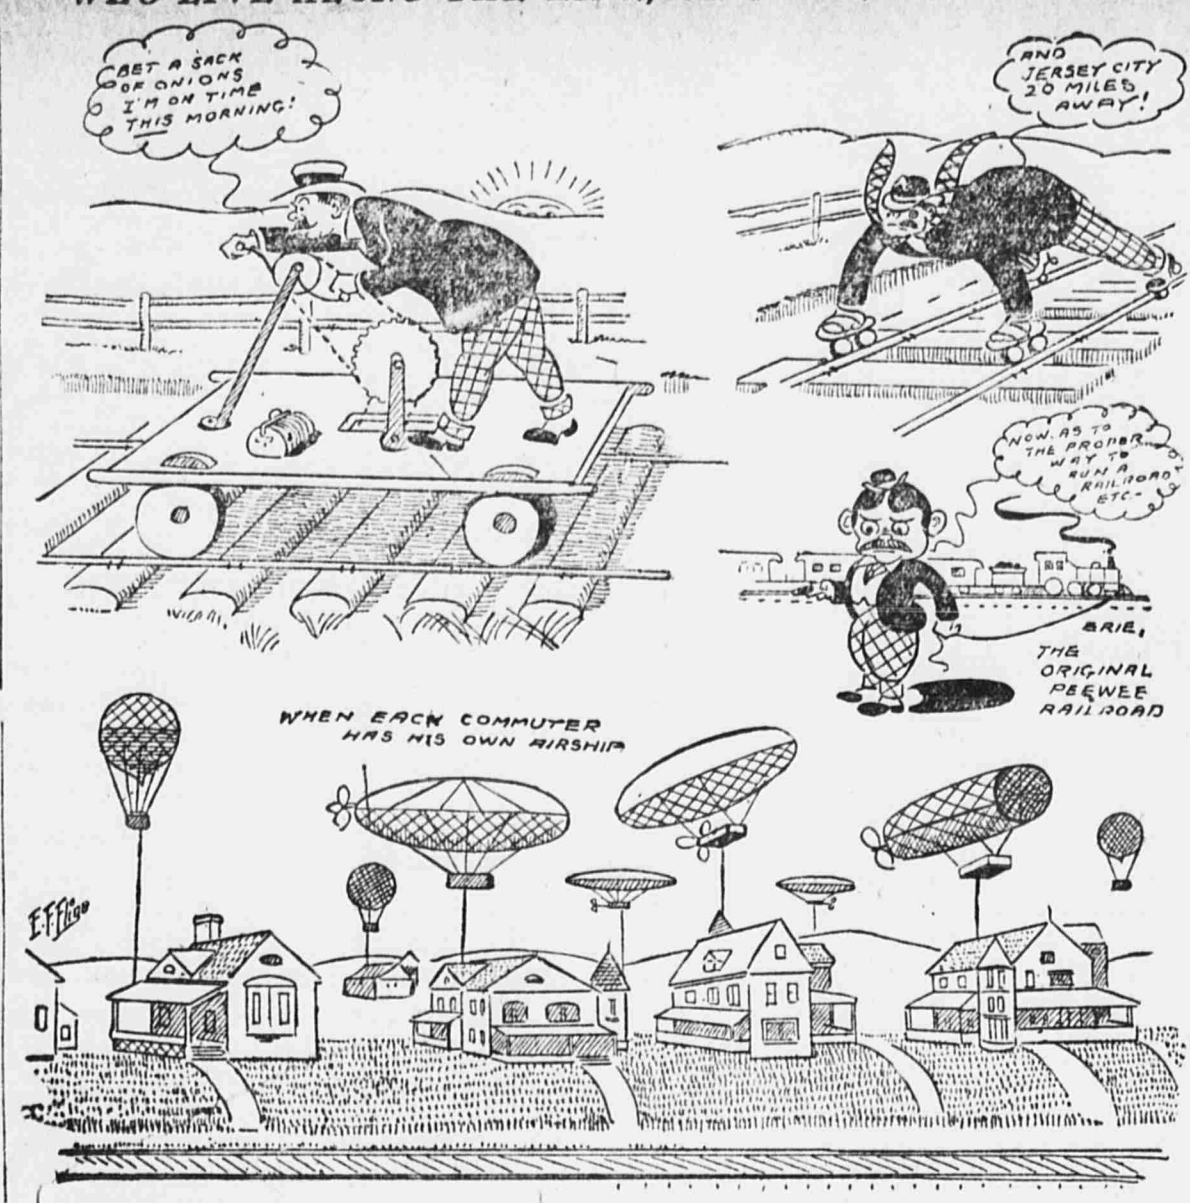

CHILDREN'S HOME ISOLATED.

Brooklyn Shelter Was Menaced
with Diphtheria.

The Shelter of the Brooklyn Children's Society, on Schermerhorn street, has been placed under quarantine. On Thursday last a young boy was brought to the home, destitute and sick. Upon examination the doctors found symptoms of diphtheria. The boy was removed at once to the Kingston Avenue Hospital.

All the children in the home were immediately treated with disinfectants and the house was fumigated. It is expected that the quarantine will be raised to-morrow.

NEW DEVICE TO BE ADOPTED BY JERSEYITES WHO LIVE ALONG THE LRIE, ORIGINAL PEEWEE ROAD

EVENING WORLD BRINGS TROUBLE CO. TO TERMS

New Public Service Corporation of New
Jersey, Unable to Bear Exposure of
Its Poor Service, Consents to Heat Its
Cars and Run on Schedule time.

There was a decided improvement in the trolley service in Jersey City to-day, for which thousands of people thanked The Evening World.

For more than two weeks The Evening World has called attention to the bad trolley service given by the Public Service Corporation, which operates the different trolley lines in Hudson County, and suggested ways of improving the system.

One of the first matters taken up by The Evening World was the heating of cars. For more than a week possibly one out of every fifteen cars was heated. The cry of the Evening World for comfortable cars kept ringing so continuously in the ears of President Thomas N. McCarter, of the new Public Service Corporation, and Manager W. W. Wheatley that they sent out orders to heat more cars.

About every car running in Hudson County to-day and yesterday was heated, so much so that people requested the conductors to open windows and doors.

Not So Many Delays.

While there were some delays in the running of cars in Jersey City yesterday and to-day, these delays were nothing compared to what they had been for almost two weeks. Crowds were handled better, too, at the ferry. At the Pennsylvania ferry, in Exchange place, where about eight different lines run in and out, people did not push each other or punch each other in the endeavor to board cars.

Former Mayor Edward Hoos, of Jersey City; U. S. Commissioner Michael F. Faugh, Assemblyman Joseph Duff, Police Justice Frank Higgins, ex-Director of Education John Tracey, ex-Fire Commissioner James J. Hennessey, ex-Police Justice Edward H. Hoos and ex-Alderman Daniel Cole, who were some of the men that scored the new Public Service Corporation for its bad trolley service during the past two weeks, said to-day that there was a big improvement in the service in Jersey City and Bayonne.

The Eighth Ward Improvement Association will meet to-night at 8 o'clock at 10 Virginia avenue, Jersey City, to discuss the trolley system, and will adopt resolutions requesting the Board of Health to make new rules regulating the heating of trolley cars in cold weather.

NECKLACE LOST FOR YEARS.

Found Twined Around Tree Roots

in Grand Pipe.

In a most peculiar way a necklace

of gold worth \$300 and lost seven years

ago by Mrs. A. A. Elsie, of No. 9 Madison

avenue, Newark, has been found by

plumbers who were called to fix the

main pipe at her home.

The plumbers found the pipe had been

fractured by the root of a tree. The

plumbers took out the obstruction and

held it up for Mrs. Elsie's inspection.

Pointing to a glittering circle twined

about the root, she exclaimed: "What's

that?" An instant later she had the

necklace in her hand.

It is believed the necklace fell into a

manhole and thence was swept into the

drain.

GEN. COLLIER DIES SUDDELY.

Collier, United States Pension Agent for

the Louisville District, died suddenly of

heart disease Saturday. He was prom-

inent in the "Green-Taylor" situation

General, and was in command of the

still the public hostility toward the company and its officials. Meanwhile improvement associations and organizations of citizens in various sections of Newark are combining to strike a hard blow to compel an immediate betterment of the trolley service. At a meeting held Saturday night a committee was appointed to arrange for a mass meeting to be held some time this week. Another committee was appointed to prepare a resolution to be presented to the meeting in which the Board of Works will be called upon to enforce the city ordinance which provides for the regulation of trolley service and time tables whenever it shall become necessary. The board will also be strongly petitioned to compel the Public Service Corporation to provide better trolley facilities at once or forfeit its charter. An active beginning of the new line campaign was made yesterday by the publication in the newspapers of a large advertisement, in which the ordinance under which the Board of Works can act is quoted under the caption in heavy type, "Does the Board of Works Know of This Ordinance?"

"We cannot run the road," said a member of the Board of Works to-day, "and must not take the responsibility unnecessarily; but we can and will compel results, and these must be satisfactory."

The numerous complaints of poor trolley service furnished in Belleville are likely to lead to the revocation of the franchise under which the Public Service Corporation operates its system. It is understood that members of the Township Committee, when the step was first proposed, stated that they did not care to act hastily, but the ma-

jority of them are declared to favor radical action. Without Belleville's consent the corporation would not be able to run cars through the town on the Newark and Passaic line.

To-Morrow Begins the Annual Sale of
Priestley's "Cravenette" Rain Coats for Men
Genuine \$25 Rain Coats at 15.00. \$12 Rain Coats at 9.50.

THE Annual Sale begins to-morrow, and with it the annual question, "How do we do it?" It's a trade turn we've been able to execute for years, and has always given us an extraordinary Rain Coat business. So long have these sales been in vogue here that the maker never thinks of turning to any one else when January comes and he is ready to unload stock. Only this year we've succeeded in getting more coats than usual.

They're made from the genuine imported Venetian cloth, bought direct from the famous makers of fabric—B. Priestley & Co., of Bradford, England. "Cravenette" is half-satin lined, have satin sleeve lining.

The "Cravenette" is no longer solely a rainproof garment, though it performs that function to the queen's taste. It is comfortable and desirable for all kinds of weather—the handiest overcoat-companion a man can have. You seldom buy them at anything like the price of to-morrow.

9.50 \$12 COATS at \$9.50; sizes from 34 to 46. These are in medium and heavy weight; not so splendidly finished as the high priced ones, of course, but they're garments that will provide exceptional wearing service and give satisfaction.

Physicians commend the wearing of "Cravenette" Rain Coats because they do not overheat the body and cause colds; nor do they induce perspiration. They keep you warm in cold weather, cool in hot weather and always dry in wet weather. And they're almost featherweight.

89c Velvets at 39c. Yd. To-morrow.

JUST A TUESDAY flyer that will make things lively in the Silk Store. And it will incidentally supply you with the best Velvets you ever bought for the money. Thirty boxes, or 860 yards all told—full 22 inches wide. They're what are termed Gun-Metal Velvets, and come in a great variety of effects, including stripes, polka dots and figures. Very serviceable for waists and entire dresses.

This lot of Velvets was the import order of another concern hereabouts, who refused them because of late delivery. We took them at Half Price. To-morrow you pay US 39c. the yard for them. Had they reached the other fellow a month ago the price would have been 85c. at the least.

Women's \$2.25 Evening Gloves at \$1.00.

TWO HUNDRED and eighty pairs are all we figure we shall have for you to-morrow; they're a bargain until gone, believe us.

Mousquetaire Suede, in 8, 12 and 16 button length. All the most wanted evening tints, as well as black and white. Gloves we think good enough to sell regularly at \$2 and \$2.25.

The Wanamaker Store

This Week's Blizzard Is of HANDKERCHIEFS

The storm centre is in our stock-rooms. The commotion is caused by the demands of stock-taking. A good many thousands of dozens of Handkerchiefs that we couldn't buy over again at their prices are to be sacrificed, because of stock-taking precedent.

All are perfect goods, from our regular stocks; and all are fresh and clean, right out of their boxes, with the very few exceptions told of in the details below.

This is the best occasion of the whole year to buy absolutely pure-linen Handkerchiefs away below their worth. Shrewd people will stock up now for the months ahead, when all linens will be going up in price. Here is the news in detail:

Women's Plain Hemstitched Handkerchiefs—in assorted widths and hems.
12½c qualities, now 8c.
15c qualities, now 10c.

Silks You Want At Tempting Prices

Given a group of silks of the very kinds that women need for just now or their Spring dressmaking plans, priced at 55c, 65c, 75c a yard, instead of 75c to \$1.50—their real worth—there doesn't seem to be much excuse for staying away from such bargains.

Here are the offerings:

85c Colored Poplins at 55c yd.
A fine and durable silk-and-wool fabric, in such good colors as white, light blue, pink, brown, navy blue, rose, gray, porcelain and myrtle green.

75c Printed Liberty Satins at 55c yd.
In a variety of navy blue-and-white and black-and-white dots; also colored grounds in dots and designs.

75c Crepe de Chines at 55c yd.
23-inch Colored Crepes, in a variety of light and dark colors.

75c Black Taffetas at 65c yd.
27-inch strong and serviceable Black Taffeta, at a very low price.
